## PLAYHOUSE PICK-UP AGREEMENT

If selected, all Playhouse Recipients (including the child) are required to pick up their Playhouse at the build site on an agreed-upon date and time. This moment is intended to surprise the child with the final product of the playhouse as well as provide a personal touch to the volunteers who sponsored and decorated the Playhouse.

Due to the size of the playhouse, the recipient must secure a vehicle large enough to transport the playhouse from the site to their residence. We recommend a truck, trailer or renting a U-Haul. Minimum dimension requirements are 4' x 4'.

**By signing this, you are agreeing to pick up the playhouse on the agreed-upon date & time and provide the minimum vehicle requirements at pick-up. Proof of vehicle is required 5 business days before the pick-up date.**
